

Capitol View / Stiff Station Neighborhood Association Meeting

December 8, 2008

2715 W. 7th Street – 6:30 p.m.

Minutes

Although there was no official meeting, due to the Holiday Potluck, a couple of items were discussed.

1) Members of the Pine to Woodrow Neighborhood Association attended the potluck as well, and a discussion was held concerning the proposed Black Community Development project, to be located on 12th Street between Valentine and Maple.. It will be a new rehabilitation/education center. Some of the City Directors are opposed to the project, so information will be put on the Yahoo Group so that we can either express our support or opposition to it.

2) Rebecca recognized the following people for their service to our neighborhood:

a. Herb was recognized for his role as a long-time supporter and activist in the neighborhood.

b. Nancy was also recognized for her role as a long-time supporter and activist in the neighborhood.

c. Arnold and Mildred Walton were recognized for their active role in the Community Garden for many years and also for Mildred's role as the bee keeper.

d. Kathleen was recognized for her support as the Alert Center Facilitator.

Happy Holidays and Happy New Year!
